

SARAH Town Hall

March 27th, 2022

Expectations for this Meeting

Microphones should be muted!

Questions should be sent through the chat! They will either be answered there or in front of the whole group at the end of this presentation.

Questions will be answered to the best of our abilities, but anonymity and confidentiality may prevent us from going into specifics.

The privacy of everyone on the call will be respected and maintained.

Definitions

Anonymity: SARAH members do not disclose their identifying information to the public (except if necessary in an external-facing position). Each SARAH personally decides if they will tell a limited number of important people in their lives and considers this carefully.

Confidentiality: SARAH members are not mandated reporters, meaning that we do not report information to the Gender Equity and Title IX Compliance Office. We also do not record or keep phone numbers, names, pronouns, or any other details that a caller might share. In fact, many callers do not provide their name, gender, pronouns, or age with us and we do not require them to do so. Confidentiality means that we respect their privacy and all information shared stays in that phone call.

1. SARAH as an organization is committed to its values internally and in the Washington University Community
2. SARAH explicitly condemns all physical, emotional, interpersonal, or institutional violence or discrimination
3. This includes, but is not limited to:
 - a. A commitment to anti-racism, anti-ableism, active support of LGBTQIA+ identifying individuals, active support of socio-economic equity, and all additional anti-oppressive movements.
 - b. We believe survivors of sexual, interpersonal, and gender-based violence
 - c. We vow to hold ourselves accountable and continue to dismantle systemic oppression within SARAH

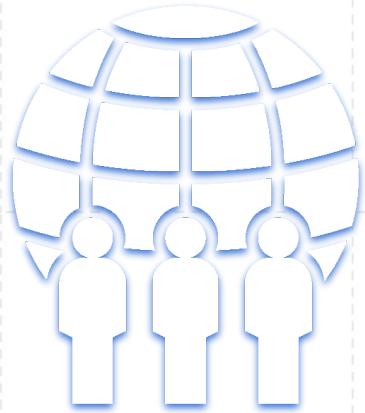

Community Philosophy

Town Halls

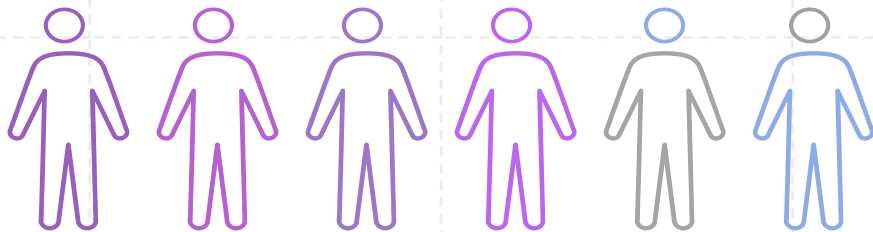

Their Purpose

And their future!

Who are We?

Peer counselors!
